

Project Profile

# Austin-Bergstrom Intl. Airport.

Austin, TX

Architectural Products

**inpro**<sup>®</sup>

## Project Profile

Architect: Gensler  
Austin, TX

Contractor: Hensel Phelps Construction  
Austin, TX

Installer: Alpha Insulation and Waterproofing  
Austin, TX

## The Project

A \$350M, 175,000 sq. ft. terminal expansion adding 9 new gates and 19,000 sq. ft. of retail space, outbound baggage handling, airline offices and additional passenger amenities—including a large outdoor observation deck and pet spaces. The expansion increases the airport's operational capacity by 36 percent.

## Inpro® Products Used
