

# Ligature Resistant Drain (EN-LRD)

## Technical Information

---

- Designed to hamper the user's ability to loop objects in and out of the drain, creating a ligature point
- Fits all Prism Solid Surface Shower Receptors except Trench Receptors
- 304 stainless steel strainer
- Strainer is mechanically fastened with 6-32 x 1/4" stainless steel tamper resistant pin-in torx screws
- Drain body is a modified Oatey 42150 brass drain body
- Drain body seals to shower receptor with fiber and rubber washers
- Drain seals to 2" Schedule 40 DWV pipe with a mechanically compressed rubber gasket.

### Optional Components:

- LP-42157 - Rubber caulking gasket to fit 2" Cast Iron Pipe

### **Disclaimer:**

While this product is designed for behavioral health applications, it does not guarantee patient safety.

Supervision of persons at risk of suicide is recommended.
