# Curtain Options + Accessories

EZE-Mesh™

100% Nylon Mesh available in Tusk and Snow. Optional Antimicrobial Mesh available.

Standard Construction

Mesh exposed on reverse side of curtain.

Hidden Mesh

Concealed on reverse side of cubicle curtain. Available upon request.

Adjustable Drop chain

Use Adjustable Drop-Chain to accommodate various height conditions and for air/steam circulation. Use to raise and lower curtain height.
CE9039 - White or Nickel Plated
Lengths: 6", 12", 18", 24"
Custom lengths available.

Snap Tape

Snap tape is on top, sides (or both) of curtain, hidden between mesh and fabric, for easy change-outs.
Available upon request.

EZE-Swap® Snap Panels

Snap panel system allows for quicker change out time. Standard panel sizes are 66" W by 66" H.

obsessed with protecting buildings™

Framing

Fabric border is sewn around top and sides of curtain. Available upon request.

Banding

Fabric border is sewn on top of curtain. Available upon request.

Clip-on Wands

Pulls curtain along track instead of by the curtain, reducing wear.
CE100698 - 48" (1.22mm) length
CE100697 - 36" (910mm) length
CE100699 - 30" (760mm) length
CE9224 - 24" Adjustable Chain Wand (610mm) length

**Beaded Chain**

Use as curtain tie-back.
Length: 48" (1.22m)
Plastic: CE9251
Nickel Plated: CE9252

Tie Backs

Fabric tie backs available with Velcro or Grommets. Beaded tie backs available

Blackout Valance

For additional light blocking and privacy, add a valance for the space between the curtain and ceiling.
